

## Advanced Guide to Holding Patterns

While holding patterns are a daily occurrence in flight training, they are often complicated and confusing. This seminar reviews the basics of holding, and other topics such as glass cockpits, high wind situations and dealing with disorientation. Areas of discussion will include, common mistakes, myths about holding and methods to simplify holding.

**Directions:** From I-275 N or S  
Take exit 31 to merge onto FL-688 W Ulmerton Rd.  
Continue on Ulmerton, past Roosevelt Blvd. to Hwy 19. On the right.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
